I'm fresh out of regret  
Smoked my last cigarette  
Down to the very end like it was a cure  
My head's turned upside down  
Smile like a party clown  
Can't get this coffee down  
It's colder than cold

I don't want to go on about it  
But how the hell can I live without it

I can see for miles around  
Oh for crying out loud  
Every face in the crowd  
Was looking at us  
Sweet amazing grace  
Everytime every space  
Everything in it's place  
Like I was King for a day

I threw this window pane  
There's no one left to blame  
But then it's all the same as long as she shows that  
Face like a beauty queen  
Straight from a magazine  
Swear that's she's always been the last to know that

I don't want to go on about it  
But how the hell can I live without it

I can see for miles around  
Oh for crying out loud  
Every face in the crowd  
Was looking at us  
Sweet amazing grace  
Everytime every space  
Everything in it's place  
Like I was King for a day

King for a day  
Like I was king for a day

King for a day

I can see for miles around  
Oh for crying out loud  
Every face in the crowd  
Was looking at us  
Sweet amazing grace  
Everytime every space  
Everything in it's place  
Like I was King for a day

I can see for miles around  
Oh for crying out loud  
Every face in the crowd  
Was looking at us  
Sweet amazing grace  
Everytime every space  
Everything in it's place  
Like I was King for a day

Like I was king for a day  
King for a day  
I was King  
Oh yeah  
Yeah Yeah Yeah
