### She Is A Hooker Lyrics

She is a hooker, she walk down the street  
She has no money and no food for her kids  
Her husband left her years ago, and now she is all  
alone  
She has no money and no food for her soul

She is a hooker, no one cares about  
She has no money left for her rent and bills  
She is a hooker, no one cares about x2

Every night it's all the same, the old game

Go and find a man, the only job she can  
Works nine to three, but she knows  
She is never gonna be free, yeah yeah

She is a hooker, no one cares about  
She has no money left for her rent and bills  
She is a hooker, no one cares about x2

She is a hooker, no one cares about  
She has no money left for her rent and bills  
She is a hooker, no one cares about x2
