So Far Away lyrics

When i look in your eyes
I nearly feel what's on your mind
If you break down and cry
I ask myself do i even try

I'm not gonna let you down because
You're the only one for me girl
Everyday and everynight we could
Make some love, it should feel so nice,oh

So far away, lalala la la la laa
So far from me, girl
Lalala la la la laa
So far away, lalala la la la laa
So far away
When i hear you're voice on the phone
I can't hardly wait until we meet again
It feels a little bit lonely when
You're so far away from me

I need you to stay with me
You're the prettiest one that i've ever seen
I never have felt like this
When you're so close to me girl,oh

So far away, lalala la la la laa
So far from me, girl
Lalala la la la laa
So far away, lalala la la la laa
So far away x2
