"Unholy Cemetery"

Visit "[Unholy Cemetery](#)" on MotoLyrics.com

This is the place where the dead rest
This is the place where the dead like it best
This is the place where the dead mourn
This is the place where the dead are reborn

Oh what a place to be
The unholy cemetery x2

This is the place where the dead talk
This is the place where the dead walk
This is the place where the dead get along
This is the dead ones anthem song

Oh what a place to be
The unholy cemetery x2

Oh what a place to be
The unholy cemetery x2
