Iris reflects, your focus on beauty. Instant burning of stratosphere and ground. Visually harsh, the spectral extremes. Like a colossal planetary vulva consumes. Don't be fooled by placid appearance, Tempt you with shade, drawing you in. She tempts us with aqua, but offers us desert. And we exploit all that she gives. Iris reflects, your focus on beauty. Burnt...Charred, yet continuous birth remains. Intense blending of green and brown. She shows her aggression, while remaining placid, Widen the spectrum. Colours the visual expression of nature, Widen the spectrum. Visually harsh are the spectral extremes,
