Visit "[Beyond Genesis](#)" on [MotoLyrics.com](https://MotoLyrics.com)

The past is open, but the future still hides. Natural selection, the strongest will survive. evolution change. Nature's chosen aspects from Planetary process of hereditary range. [Repeat twice] Rather than supernatural intervention Perspectives of truth, Artificial selection, Could life possibly be as simple as your revelation We may have been created because we have evolved But not from two single beings Eternal genetic process of mutating genes. there is no myth of creation. Random shuffle Random mutation
