"My Animated Truth"

Visit "[My Animated Truth](#)" on MotoLyrics.com

I exit, yet still exist
Intoxicated with the senses of life
An awareness, an example
In this world, I am god

Picture minds eye, to stimulate the nuclei
I am the god of the inner world
All I see and comprehend is mine

Visions taken remain sublime
Overcrowded ethics overwhelm
Welcome to my animated truth

Picture a world of imagination
Physical world is just interpretation
Reconstruct myself, dream scape
Imagine images of your imagination
