Do you want to get high?
(YEAH !)
Artist: Cypress Hill
Album: Rise Up
Title: Pass The Dutch
Edited by: Buck
(Put it in the air...)
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Then put in the air
if you wanna get high
Spark it up in a circle
With the kush weed that would hurt you
If you got the purple we can blaze it
Either way, The high you scerch?
You shoulda bought
Then you know the rules
before you hit it once
When you catch my blunt
you know which way to pass it
when it comes
Pass the joint on the left hand side
Don't ever pass it on the right
never ash it on my Nike
If you sprinkle hash in it
Just don't let it out your sight
'Cause if you take it outta sight,
Well ya just beggin' for a fight
Aight!
Give me a lighter,
So why you can't decide
to ignite it?
Puff Puff Pass homie!
Don't just stand and try to hide it
I smoke a bowl or a spliff
and uplift my sprits

then I take a bong hit
Hit it fuckin' hard
and clear it
Hit it with the left hand,
pass to the next man
Still the fool is blessed,
and his weed is from the west
and you'll never get it done
your bitin',
you can bet it on your life
It's 4/20 every night
Who wanna get high?

Do you want to get high? (YEAH !....)
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
And then put it in the air
If you wanna get high
I'm Green Evidence
On the podium, stands the minister
I see weed from Cypress trees
I just finished up
I'm center stage high,
Civic center stage dive
Even summer, winter, spring,
and fall, ain't the same
My heads in the clouds
of smoke then I choke and laugh,
then toke on the left hand side
No joke work
can touch these Los Angeles souls
We twist herbs up
The word's a dangerous flow
(Go!)
(Only on the left hand...)
When I smoke
I'm tilted to the side like a kick stand
Roll up a rock
and call me a middle man
I'm sinkin' a riddle
like it was quicksand
One *snort* clear out your nasal passage
wit the medicine of dristan
Voilà
My mind at ease...
The Police car (Whoop-Whoop)

wanna come find my trees
Hashish from Iraq
will make my eyes chinese
Tearing up the studio
just tryin' to find my keys (la, la, la, la, la...)
It's like that ya'll
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Only on the left hand side (la, la, la, la, la...)
Pass the joint on the left hand side
Only on the left hand side
Pass the joint on the left hand side
Then put it in the air
If you wanna get high
Do you want to get high? (YEAH !....)
