ten o'clock my alarm goes off  
i gotta get myself out of bed  
I gotta get me a pepsi  
to clear these cobwebs out of my head  
yesterday i had a job  
now all my opportunities have gone

(it's a)  
blue hair day (it's a blue hair day)  
i won't go, i won't stay, i won't step up  
i said it won't be okay (it's a)  
blue hair day (it's a blue hair day)  
i won't stop, i won't start. i won't step  
i won't stay  
i can't believe it's come down to this  
but there's nothing left that i can do  
i don't know if i can face another  
minute without you  
yesterday i had it all  
now all my every single thing is gone  
there it was, there it went  
here i am, i'm all spent  
yesterday i had it all  
now all my inspiration,  
all my inspiration's gone
