And I wish.
I wish I was a Space-man.
So I could go to
Space, man.
And look back on You.
And I wish.
I wish I was a Baker.
So I could cook and
Make her,
Dinner for Two.

And I wish.
I wish I was Weezer.
So she would take a Minute,
And listen to Me.
It wasn't long ago,
I had a lit-tle dream.
That she looked at me.
That's all I really need.
That's all I really need.

And I wish.
I wish I was a Dentist.
So when she wouldn't
Talk to me,
I could pull out all her Teeth.
And I wish.
I wish I was Weezer.
So she would take a Minute,
And listen to Me.

I wish I was Weezer.
She'd listen to me.
