When you come down here  
Security and the police  
If any body else tell you they run it around here, don't  
believe 'em  
I'm the Man in my City. My city 7x  
I'm the Man in my City. My city 8x  
Look I'm the man, shawty ride with a player  
Woke up feeling so good I think I might run for mayor  
Hop on the band wagon, all aboard! (Horn sound)  
I'm the shhh in my city boy, ask sewage and  
Waterboy  
Watch my city hold me down, they like how I get it in  
Mac told me to hold it down, so I got to represent  
I'm just a po' boy from the land of po boy's  
But now they be like "Oh, boy." cause I'm getting  
dough boy  
Soldier let me see your teeth, smile at a G  
Man we just got out of church, why you mean mugging  
me  
Could it be because I'm clean  
Could it be because I'm fly  
Up early in the morning I jump shive  
Yelling bye to the broke days  
Yeah I hope they hear me  
I see them haters out there, yeah I know they envy  
And even when I buy 30 cribs around the globe  
I ain't never moving; like black people at rap shows  
Phone ringing off the hook, everybody wanna talk  
Same hustle different day, it ain't nothing to a boss  
Use to stay catching them rides, but now they riding  
with me  
Just ask about me homie- I'm the man in my city  
I'm the man in my city. My city 7x  
I'm the man in my city. My city 8x  
I'm the man, I'm the legend, I'm the king,  
I'm him  
One thing I'm not bruh, I'm not like them  
I am great, I am good, still the best so far  
I'm the whole universe and you're just a star  
See I'm riding around and I'm getting 'em  
Picking 'em up and I'm splitting 'em

Feed 'em fries and tell 'em lies  
Send 'em home, forgetting 'em  
If you strip and graduated I got money allocated  
Get your bills together bring 'em to me baby Iâ€™™ m  
gon' pay it  
I do student loans payin' homes  
And all sorts of trickery  
If you tryna eat go'n cheat, drop his a\*\*and get with  
me  
Got the biggest of budgets, I got money for days  
And ainâ€™™ t nobody in this city f\*ckin' with me  
Phone ringing off the hook, everybody wanna talk  
Same hustle different day, it ainâ€™™ t nothing to a boss  
Use to stay catching them rides, but now they riding  
with me  
Just ask about me homie- Iâ€™™ m the man in my city  
Iâ€™™ m the man in my city. My city 7x  
Iâ€™™ m the man in my city. My city 8x  
Animals in my circle; Ringling Ringling Brothers  
Canâ€™™ t call me out I'm in every circle a different color  
You players learning to hustle a way I been discovered  
Boy I make love to that paperwork Iâ€™™ m a business  
lover  
Without a rubber now she pregnant for me  
Went to the bank the next morning and she started a  
line of credit for me  
I got the product but the kind with no serial numbers  
I hit the block they look at me like a miracle coming  
I got belief the day I came from a spiritual woman  
And I know Iâ€™™ m not alone I got serious opponents  
Party over here its just me and my n\*ggas  
And boy you canâ€™™ t see nothing unless we in the  
picture  
I say we in the picture like "Cheese!"  
All the women be like "Juve can we spend the night,  
please?"  
Steel Magnolias, soldiers Ree's and white tees  
Iâ€™™ m the man around this thing  
Me lock my swagger like breeze  
Phone ringing off the hook, everybody want to talk  
Same hustle different day, it ainâ€™™ t nothing to a boss  
Use to stay catching them rides, but now they riding  
with me  
Just ask about me homie- Iâ€™™ m the man in my city  
Iâ€™™ m the man in my city. My city 7x  
Iâ€™™ m the man in my city. My city 8x
