My anguish and aggression
Cuz pain is awesome we live off it
My anguish and aggression

(Necro)
If you mess with me your destiny's to rest in peace
No actually rest in pain rest in pieces gradually death
increases
Annually stranglin you manually
I'm a hang a bully by the throat crack a gully make him
choke in agony
You're no match for em you're weak like bone attrify
you'll bleed
Catastrophe you'll reek of it anarchy you'll seek
Off the balcony you'll leap kill yourself Jump to your
death
And brutally break everythin underneath your flesh

My anguish and aggression
Cuz pain is awesome we live off it
My anguish and aggression(2x)

I'll never stop seekin to increase the number of fans I
got
As long as I keep dropping clever beatings its released
On the underground stab someones brain
Sever the top so its bleeding in pieces
You scumbag its still aching alot
Its impossible for a hardcore hip hop head
To function fully without bumpin Necro in his tape deck
Yuo could pop a pill but still you drop dead from
malnutrition
Brutality you're on your death bed wishin you copped it

My anguish and aggression
Cuz pain is awesome we live off it
My anguish and aggression(2x)

I'm a close friend with open-minded sickos
That kill close minded cats and comatose men
I offer you constructive advise
Sign on the dotted line if you wanna get fucked for

your rights
Stuck in a bad contracts like being stuck in a coffin
For a seductive price how much for you to give up your
life
Necro without ownership that is no right
Its like both of your hands chopped off tryin to hold a
mic

My anguish and aggression
Cuz pain is awesome we live off it
My anguish and aggression(2x)
