They say girls are made of sugar and spice and everything nice but on the real some of ya'll bitches are mentally trife

beggin for choke outs almost be on the edge of your life

i seen it all when this weirdo fan of mine lent me his wife

Double D's a hotter version of Jessica Alba

beofre he left he told her to call me master and set up a camera

I said "Bitch I ain't down to be video taped!"

she said "Okay, Master, but please take a shit on my face!"

she had a big bag of dildos, handcuffs, whips and chains, clamps, suction toys ball gags the shit was insane

It did intrigue, up til now i thought the bondage was creeper but admit i got a hard on when she begged me master please beat me

what happened after that was a blur

sniffed some coke, skull fucked her face till she hurled it was absurd she loved it

she forced my hands around her throat during sex'

It was amazing until i accidently choked her to death

Let's start the stuff center, now it's spiked paddles, pound your pussy 'til you're paralyzed and barb-wire bound. That's an M edge place, let 'em dress up like the gimp, chains, straps, whips and tournequets, your pain and pleasure pimp. There'll be thirty dirty dicks alternating in your slit, a big GG Allin fuckfest you'll eat a ton of shit. Bitches, double penetration, sharp knives and powerdrills. Your mouth is tastin sour when my golden shower spills. Yo, I'll cut your little clit off with a

pair of clippers, hun. Left raped and blood-caked with
the grimace have been cummed, make you strip, bitch,
my whip bitch, whose lashes I'm a sado-masochist,
smash your tits til they look like mashed potatoes. Four
fingers ain't enough when I'm penetrating muff, it's
more like forty fists and there's still room for stuff.
Handcuffs with no keys, slavery's my hostiest, fuck
whores with no teeth, get forced to blow piece!
