This is a Necro exclusive man "Psycho+logical Street Villains 1 volume 1 carbon copy!"

New Necro exclusive. "Shits dynamite bro"

[Necro]

My intention is to offend smear degrade and mock
Make you feel uncomfortable like a 20 inch cock in your
twat

I'll stab any walk of life with a fork or knife

Every dope break I make is like a snow flake

You want beef you'll get a whole steak

Police will need dogs to locate your skull after you're
raped

And dumped into an old lake

Out of a trunk I'll murder you and eat cake

Cuz nuthin happened spark a match on you and watch
you cremate

You'll decay in NY you'll rot in New York

After your dropped on your part I'll be poppin your cork

You like Bopper when you walk you'll be bobbin your
head on the cock

And the jaw blast and there from there to the crotch of
the hawk

The mics scarred like a manic depressive that doesn't
like guards

Pull my card I'll ram a spark rod in your lard

I hate everyone thats why I'm so special

When it comes to stabbin I'm a professional with a
vessel

Choppin you senselessly then your buried

Pop a glock untill it's empty see my shockumentary
involuntary

[Kid Joe/ "Uncle Howie"]

New Necro exclusive "Street Villains Volume 1" shits

"come on and listen to it." NEW NECRO BRAND NEW

I'm tappin your wifes guts revolving my life around
sluts

Carvin my knife into your bitch and see which organs

are fucked
I'm full of lust my cum shoots like fools thrust
Out a clock bitch clean your asshole it's full of crust
All you bored housewives will get your breasts sliced off
Your tits suck shit fuck you'll get fuck dick sucked rip
your mouth off
Rip out the jaws split the skis
It's all about the cause gettin my dick sucked with no
teeth
I'm makin women unfaithful I'm distasteful
Leavin a faceful of cum gracefully and she's graciously
grateful
You're desperate you'll allow yourself to be molested
By any direct with testicles and a dick
You don't care if he's been tested or if he's infested
You so desperate you'd have sex with asbestos
You'd suck Uncle Fester's testes
You so depressed a simple request will get you
undressed

The first installment of your death peep it Brutality Part
1
In stores September you better remember
You'll get dismembered bitch die
