I wanna fuck you to death
And from the womb to the tomb
Spray some perfume on your cocoon
Do shit, I'm on some ? ? shit
Lay on the table nude, as I rub lube into your boob
Get used to being prude, till I whip out the ice cubes
Like your smoking ice dubes, when I'm patting your
muff
You will never say your not getting enough
I'm being pampered by two sluts with tits
That havent been tampered with, runnin my tounge
rancid
All over nipples your panties have been dampened
Start massaging my bone
I'm in your caragasing zone
If you do me I'll promise you'll moan
Wake up to my healthy festival
Swallow my delectable testicles like vegetables
Your a hooker to feed your kids, you get my sorrow
Suck my dick like theres no tomorrow *haha*
Go girl, ease the tip
With your big lisa loeba lips as I lick your clit
You sound like a kitten purrin,
You want some milk I have to substitute it with my urine
meow
I love, massage your tight pussy over my shin like a
glove *like that*
Throw your head back as I fuck you to this track
Blast izm, fucking you to this rhythm
Honey we could get down with some sado-masochism

[hook]

Throw your head back as I fuck you to this track
Throw your head back as I fuck you to the track
Throw your head back as I fuck you to this track
Throw your head back as I fuck you to the track

Your tits are mad dick? , I'm romantic
Show me your breasts and blow me to death
Your bra's colorful, plus your gullible
So I'll undo your bra strap with my mouth
As you smile I'm licking your back, frigging your snatch

wild

I'm a mad child, your fragile, at the same time
So freaky and agile, you be doing some gymnastics
When you getting your ass licked
Invading your body like your plastic
Running flip, you be tested
Give me the sexy glancing, private dances
Dirty questions and nasty answers
Pull up your skirt, pull aside your panties
Flash me the candy, before I start fucking you beauty
yeah

Let me suck on you beauty *ohh*

I'll take any saint

Necro's written all over your breast with body paint

I've got a little cock

Thats something big for all of them pimples in little
rock

Put your s on my face, your pussy's vivacious

I'm fucking like three geishas, and my peter? ?

North pole is ready to squirt a fantasia or lickstabation

Your firm tits, I wanna lick you quite to death

Unfuck your belly button and spread your legs right to
left

Grab my organ and give me a treatment fit for a king

Lick my testicles I'll fuck you like an extra-terrestrial

Cause I last forever, while the average human body
Can't handle that much pleasure

A five minute treat with me will surpass 95 percent

Of all the times you were bent,

Over recieving the cock rock like cement

Murder the pussy, it's homicide, once you got my cock
inside

I'll use my dick to smack up some dimes

Like I need equipment to back up my rhymes

If you timid, you'll learn to uninhibit

By stretching your tight pussy to the limit

Its my porno exhibit, with debbie whore give me a strip
tease

Overfucking like it's the late sixties, my memories
belong in ripley's

Believe it or not, cause it'll slice up a beaver like a
cleaver or mop?

Or a shot of scum in your twat of any diva thats hot
get undressed

[hook]

Throw your head back as I fuck you to the track

Throw your head back as I fuck you to the track

Throw your head back as I fuck you to the track

Throw your head back slut
