[Chorus]

Horny honeys get the dick,  
I got love for you wild anal chicks  
All of you co-eds  
You better lick or suck  
I'll shoot loads of cum in your holes  
There's a lin mouth-watering centerfold  
You're so kinky  
Tell me your fantasies

(Necro)

We're in a dance club somewhere in France, my hands rub your ass, girl, your pants are mad drugs, in a trance. No need to know a honey's name, as long as she's into fun and games, I'm gettin fucked from the fame, rippin your cunt out the frame, leavin your buns in pain, put your tongue on my vein, I'll fuck a hundred dames. When I'm seventy-five years old, I'll still be fuckin a hole, because I'll always stay young in the brain. You know the deal-y, I got these girls really naked, and touchy-feely they wanna get slutty and chilly, they really, wanna fuck me and hemmy, kick a rap about how I leave that pussy bloody, sincerely. You got a G-string strangling your puss, and a neatly trimmed, beautifully cut traingle bush. Grab my cock like a mic, sit on it like a bike, my pipe will strike a dyke like a spike.

[Chorus]

Horny honeys get the dick,  
I got love for you wild anal chicks  
All of you co-eds  
You better lick or suck  
I'll shoot loads of cum in your holes  
There's a lin mouth-watering centerfold  
You're so kinky  
Tell me your fantasies

(Goretex)

What's up, ma? You in them green shorts that I like, a black tank with your hair up when you spit on the pipe.

Lickin blunts with one hand, the other crushin up Vikes,  
take some medicine like a good girl, dust this, she my  
A of life, rock stockings, pig tails cover your tits, I love  
the way you look up at me, suckin fingers, all in your  
clit. Fat lips, mission impuffy, she likes it rough,  
wrappin the whip, my hands around her close, she  
uncuffed me, born to watch, homegirl, tastin your  
flurry, her face in your crotch, under pentagrams is  
blurry, poundin dat ass, the kitchen morning, time  
before Maury. Ten AM is ATM, she finds ways to adore  
me. You fucked up Steph, this next bitch is switched to  
sure, she always beats in latex and get erect on the  
toilet, importing slaves. Ma, my game's amazing like  
faggot lines, suckin me off, shoot it off before the  
hook, there ain't no better time.

[Chorus]

Horny honeys get the dick,  
I got love for you wild anal chicks  
All of you co-eds  
You better lick or suck  
I'll shoot loads of cum in your holes  
There's a lin mouth-watering centerfold  
You're so kinky  
Tell me your fantasies
