About my dick bitch kiss it

If you diss it i'll piss on you

banging you babe, you were born for dick
no your starring in my porn flick
you get left with a torn clit, nasty action
were passed the attraction molest
were spreding you ass into fractions
and ass kiss and lap dance
bi-sexual bitch that likes licking chicks
and sticking things in her intestenal pit her triple 6
dim the light in her skin tights shorts
that make men fight
youll soon be rocking a cock in your wind pipe
pull down the zippers
shaving you mound with da clippers
your sensitive around the nipples like my dick tip is
were getting frisky bitch frisk me like risky business
in the Nastassja Kinski tipsy
id like to leave my dick in you forever

like an atm card ,ass to mouth it aint that hard
unless were talking bout my smackle
it stays hard like concert streets and steal

and that amount to your metal
your honey dripping pussy is insensanion, replaceable
bitch you make your money stripping good for you now
break of your foul
your the princes of horal momoral never rest in your
lorals
trying to lick it off the poles
your a motha fucka thats hot
perfect eye brows and make up
candy lips silk panties and suckable twat
