Chorus x 2

Kill that shit - kill that shit, I  
Kill that shit - kill that shit, MUST  
Kill that shit - kill that shit, KILL  
Kill that shit - kill that shit, YOU

Verse 1

Necro empty patholigist  
demolishes the collagen in your face  
when i smash you with a solid fist  
over politics get your wallet picked  
by satanic scientoligists acknowledge this  
I'm in a professionally insane condition  
i cut vein incisions  
in you so badly they need stitching by specially trained  
physians  
your death certificate is insignificant  
paper no different than you lasted terrific eulogy wipe  
my shit with it  
you need proper protection from a person like me that  
feels no affection for your life i control the direction of  
ya future  
dead you look like a droid i seek through the void in  
your skull so we can't leave the casket open you're too  
destroyed  
you better show respect with seriousness or the fear of  
sickness or death you will experience this  
another key turned to the essence you,ve returned  
from the presence of your corpse a great deal can be  
learned

Chorus x 2

Kill that shit - kill that shit, I  
Kill that shit - kill that shit, MUST  
Kill that shit - kill that shit, KILL  
Kill that shit - kill that shit, YOU

Verse 2

Slice you open with a Y shaped incision cause i hate  
religion  
and fear no god so theres no consequences when i

make decisions  
so fucked plus the dead shit i'll desecrate you by  
suffocating you with the pillow that the dead person  
rested his head with  
A stabbing fatality many abnormalities in your  
abdomen cavity  
except for gravity  
theres no blood pressure so no blood squirts when i  
sever  
no blood on my shirts whenever i work its a perverse  
pleasure  
what do i need the bible and satan for when i can start  
my own religion  
like carvin opening skulls with my braining saws  
planting micro-chips, lobotomies the pre-fix wizard to  
joining is funny  
come down to our office for a visit  
blending your cartilage stick you like a nintendo  
cartridge  
listen to the crescendo of your heart twitch  
all your fault the power drill in your skull vault  
like pole vault, shaven bald, appauled its called assault

Chorus x 2

Kill that shit - kill that shit, I  
Kill that shit - kill that shit, MUST  
Kill that shit - kill that shit, KILL  
Kill that shit - kill that shit, YOU
