The Sexorcist

Check it you fuckin' bitches

[Necro]

Stinky twats

I don't kid man I fuck Nicole right in her pink hole

Then a pickle light up a nickle

Now honeys ready for the meaty stick pole

Holding some pom-poms, pork them like won-tons

My cum-shot bombs are two hot blondes

I fuck you where you make your doodie, start shaking
bootie

While rockin' thongs, spread your crevice

Get prepared for the rubber prongs

I know this bitch that'll suck your dick for three cracks

And her clitoris lips be hanging down to her kneecaps

Whether hip-hop or grunge, I'll even munch on the buns
of nuns

Your cunge is lunch, I'll plunge into your vaginal
sponge

If honeys ass is god, I'ma shoot a massive wad

With the brutal precision, incision, in poodle position

I'm taking these polaroids of this blonde

My best believe it's washed down south

She's trippin' upon, substitute my peter with a chiquita

Then devour for three hours

Of a hot, wet drippin', cunt sqaushed against my mouth

I'd like to give a 16 year old slut

Young buck a tongue fuck

But she might get knocked up

and the cops'll wanna lock my cock up

Chorus x4

[Necro]

I'm gonna fuck you

One way or another

I'm gonna fuck you fuck you fuck you fuck you

Yo you a bitch

[Necro]

Your mouth is equilvelent to garbage

Suck my cock like a good little girl and make my knob twitch
You need a job? Work your lips up and down my solid meat
Inside of me, eat my dick like collard greens
You're wanking me off so damn fast your hand is a blur
Open your mouth, I got a visitor
I'm spitting globs of spunk
Now bob my chunk of godly hunk all over your fucking face
Get on your dirty knees, bend over and bob
Suck my dick with devotion
Till your wet tongue spreads my cock juice all over my nuts
You got a no nonsense deep throat motion
Our bodies creating friction like no lotion
Substitute my dick with a dynamite stick and fuck your slit
Peep the over explosion
Necro is a demented mack
Your boobs warm against my back
What's more intense than crack
You got no idea how much pleasure I can talk
So let your fingers grasp, or rub my shaft like a snake
Now wank me
After you suck it you could thank me
Frankly I want hanky-panky if you're skanky

Chorus x4

Fuck you!
I'll fuckin' kidnap you!
You bitch!
You're fuckin dead
I'll fuckin' put a fuckin' needle in your arm
You're dead
