(Chorus)

This is pimp shit
It's the sexorcist
Slappin you in the face, bitch
Pimp shit
Don't look me in the sockets,
You're out the pocket

(Necro)

You think you're beautiful slut, have a look in the mirror, you'll realize you're better off slicing your throat with a scissor, can I be clearer? Hm. No one wants to love a whore, just remember you'll work to repay me immitating Amy sucking members. Don't tell me to 'be cool', bitch, your future's lookin negative. So bad, you're so poor, you can't pay me enough to let you live. Stop wastin' time and go to your room, cause I got a customer for you, and he's gonna bust nuts on you. So, give him a good time, come on, HEY! YOU BETTER GET A MOVE ON, MAKE ME MONEY, IT'S LIKE THAT, AND THAT'S THE WAY!

Plus you're only a whore, not a title lady, so do a whore's job and do it damn well, baby. Suck a fuckin dick, same service you give to every trick. Dress up fancy-shmancy, and sell your body for me on the lan-cy. Sportin' panties on your knees, in the street rockin a guarder-builted mini-skirt. January, zero degrees. The tock, got you on lock, you payin' me, and you don't want swallowin cock, a little twisted but that's business. What is this? You don't got my money? I don't care how long it takes to get it, just get it, now GET!

(Chorus)

This is pimp shit
It's the sexorcist
Slappin you in the face, bitch
Pimp shit
Don't look me in the sockets,
You're out the pocket

(Necro)

You'll rock bikini briefs, like hamera pumps and a bump, humpin chumps til my pocket looks like it got the mumps. A pimp is only as good as a product which makes me great cause my product is who was from the projects. Anyone can control a slut's body. But the keys to control a mind and once a mind's controlled, are behind consoled. Young bitches cravin to walk the street pavement, sexual enslavement's been goin on since cavemen. You better get your shit together, bitch, wrap your tit with leather and walk the strip in sadistic weather. It don't matter, spit in your face, I don't give a fuck if you got raped, you better come up with my pay! I'll cut your night skin, You wanna leave me bitch, you better learn to sell pussy in Iceland. I got ten whores, a hundred dollars from each ones, a G a night, seven times a grand, 7Gs a night, this be a'ight.

(Chorus)

This is pimp shit
It's the sexorcist
Slappin you in the face, bitch
Pimp shit
Don't look me in the sockets,
You're out the pocket

Hookers are beautiful people, beautiful people.
