12, 3, 4, 5, 6, 7, 8, 9, 10, 11. The 12 king pimp commandments!

Uh
It's pimp gator
Peep the JEWELS

A king pimp's been here for years representin'
There's rules to this shit I'll break down a lesson
Step by step
Like a booklet for you to sweat
And try to apply
To make yourself fly
No. 1: must be strong in mind and spirit
When idiots talk inferior shit
Brush it off when you hear it
Never fear it
Don't put a knife to a broad
Cause the penis is mightier than the sword
Peep the metaphor
You'll find more
Cats invaded your crib with nickel-plated
38's imitatin' Satan you wouldn't be intimidated
You must play past the devils trickery
Prison, liquor and hits of E
Nicotine and chicks with V.D.
No. 2: must control seven or eight cunts at once
A freak for each day of the week, the eight is a lottery
stunt
Must handle them with cleverness, kindness,
shrewdness
Intelligence but never with an iron-fist
No. 3: only fuck with a bitch when you're both clickin'
Sparrows don't fly with eagle, peacocks can't strut with
chickens
4: must withstand all criticism
Cause a man whose wife is gettin' pimped doesn't
understand her sippin'
jizzm
It's a profitable business to rationalize into cynicism
That it's wrong but it isn't

No. 5: never let a female be equal with you
Equal right's a fantasy it will come back to normal soon
Refuse to have oral-sex with your woman unless you
choose
Do not accept: if you do me, I'll do you
She was put on earth to serve men
She may enjoy a cuntlick, but deep down she'll loose
respect for you then
Only animals you see lickin' sex organs are dogs and
cats
Females know, during their period cunts are filthy like
rats
6: you'll use violence in self-defense
To protect yourself, friends, family, women and what
you possess
No. 7: never strike a bitch with a pipe or a knife
Only strike 'em to shock 'em back to reality's light
Toss a bottle at her, hit her with a golf club
Break a mirror over her head but never make her draw
blood
You can start flippin'
Grippin' her like a victim
But never start hittin'
This is called the king pimp's whippin'
No. 8: since punlyness is next to godliness
You must keep your hygiene clean regardless
A shower a day'll do and keep your physical being
In the best condition possible it could be in
No. 9: you're never stingy, greedy, drifty or cheap
When it comes to you and your peeps
You owe yourself the best treats
No. 10: never sweat when a bitch leaves you knowing
The story of a man's life, a bitch coming and one going
They come better the next time
They only make room for a higher grade bitch, the next
one is always a
better kind
11: you're only expected to keep a woman a term of
four years unless
You're fortunate enough to get re-elected
And if she leaves before her term is up, she faked it
Cause she wasn't ready for a king pimp anyway, kid
Let her fuck with the other 51 pimp-types, they're better
for her
Welfare pimp, blind pimp, dumb pimp etcetera
12: there's leaders and followers
A king pimp never follows a hollow-headed dick
swallower
Or a trick equipped with a wallet full of dollars
Even a scholar
Of Cabala doesn't get followed

The only one that got it like that solid is god, kid
Cause he's brolicy, understands every topic on how a
pimp rocks shit
Follow these rules, you'll have mad D-cups and A-cups
Bitches runnin' around butt naked with pretty make-up
The respect these bitches will have for you will be
sacred
Slut, pay up
I'll put your fuckin' head in the toilet, wake up!

The 12 king pimp commandments
No doubt
Respect it
It's pimp gator
All you pimps all over the earth
Rock with this
