Brand new shit from Ill Bill AND Necro exclusive come
on it's good "its whack it's smokin yea" but it doesn't
dissapear
like that it stays with ya "are you dying to try it?"

[Ill Bill]

We causin a massecre the most terrible y'all seen
Ill Bill more infamous then Chemical Ali
Continuous live coverage from the front lines dump
nines
Splatter heads across the camera lens I've heard
enough lies
No truth honesty's a smokin gun
While watchin the world on television I bury my dome in
drugs
Yea I shot Nixon shot Reagan this is Non Phixion
Stop hittin I'm gettin paper I'm not patient
I pop pussy to pop gauges I'm outrageous
Killed crowds on rock stages I'm a hip hop favorite
The star criminal poppin off gats in gods living room
We animals stay away from Brooklyn it's a zoo
The black Benz with the 20 inch rims
Gun slingin me you lookin like the bloodiest kin
Blast you in your knee caps it's the funniest shit
Dump in your mouth kill you right in front of your kids

[Kid Joe]

You don't wanna fuck with us Psycho+Logical street
villains
You don't wanna fuck with us Kid Joe's a gangsta

[Uncle Howie]

Whats this I hear? I'm smoking crack
Whats this I hear? I'm shooting dope
Whats this I here? I didn't do bids?
Whats this I here? Howie ain't real?

[Necro]

You think you're sick you'll be really sick

When I sick a pitbull on you and you get bit
You got a big mouth see I got a little posse
Of Kids that get to the point at the flip of a coin
I'll stab you and your boys where your groin and your
belly join
I twist a knife I live a sadistic life
Your whole team will be sniffin codine
To stop the pain from the nose bleed like a coke feind
You get duffed even if I was hand cuffed
Every cat in my click could stand up
I'll crack you in your skull with so many bombs
you'll look like you hit a bong like you was Chong
I'm waitin for you with so much hate
You can bag it up light weight and sell it to anyone that
escapes
You got a nickle plate but I manipulate
The 38 out of your head and bust your chest plate
