The praying hands now burn away as does the
Christian cross
My demonic touch was the accelerant that made this
your lethal loss
Beheaded messiah cast to the ground allowing my
creatures to feed
Born of raging Hell's incendararies souls of ash we are
demon breed

Our blackened sorcery, ravaging the heavens above
Throne of Christ now destroyed; it's the dawn of the
Black Dove

Crushing the light / Betraying Christ

We foul being of old times lurk in dark forgotten parts
of the world
Once unleashed and the congregation falls a heaven
shall never be found
The ways of the light and the good, from these can
nothing be gained
Halls of Christ engulfed by evil our Lord Satan Lucifer
now ordained

Holy choir beaten to death, baptismal tub filled with
their blood
Books of prayer ripped to shreds the organ now plays
Satan's song

Crushing the light / Betraying Christ

Christianity is filling your mind with insanity
You've lost all grip on reality
I'll never understand this hypocrisy
And I'll never want to!
