Evidence from beyond  
The grave

Pretty Diane went out for a kiss and cuddle  
She was stripped, raped and beaten to death  
But 30 years later her body gave up  
Secrets that identified her killer

Evidence from beyond  
The grave

Reasonable inference that this is a crime of sexual  
violence  
Horrific deed  
Taken there, beaten there, raped there and, after all,  
murdered there

Sometime, somewhere, somehow, someone will pay
