Art form of the butchers, forgotten tales of death  
Flashback of dementia, fearing myself  
Poetic infliction, fix your body to the core  
Skinned alive, as terror grows

[Chorus]  
Smell decay of sorrow  
Infinite to follow  
Neurocranial terror  
Celebrate my horror

Pseudoexophoria, irrational psycho reflex  
Extreme desire, forgotten itself  
Behind progression, breath my death through the air  
Aroused by carcass, I found it there

[Chorus]

Hollow laughter, childhood cries  
And when I turn, in rhyme with silence found my crimes

Wound in a coil - inborn to myself  
Absurd vision-caress again  
Love and life means nothing to me  
Fragments of fear, of my sanity

Fragments of insanity  
Far beyond  
My last friend  
Neuronophagy

Burst illusion, madness fry  
How do I feel, 'n now intake a dream survive  
Look to the dance - of my lunacy  
Matters forming - 'n plagues all of me  
My confessions - neurosis die  
Psycho catharsis of my genocide

Fragments of insanity  
To recipe my mind  
Rise - the ovation  
Feel to die
