Vlad then began his killing realm 6 years long of hate
and revenge
During which he committed tortures and cruelties
warfares and bloodbath
And revenge and hence established his controversial
reputation hate and revenge
I'm the prince of the darkness I'm the devil Vlad Tepes
Beware insane desires his name becomes famous and
infamous in the blood
Bodies impaled as an art master in the tortures
The torture must be slow and painful
He scared his enemy by the sign of 20000 impaled
Turkish prisoners outside the city of Tirgoviste
This gruesome sight is remembered as "The forest of
the impaled"
Maniac and psycho, ruthless and paranoid he often
order people to be
Skinned-boiled-blinded strangled-handed-decapitated
Crazy and schizo, pitiless and perverted he often order
people to be
Burned-roasted-hacked-nailed-stabbed-buried alive
Kaziglu bey the impaler prince he also like to cut noses
ears genitals and limbs
Arms feet fingers and eyes the impaler prince
The torture must be slow and painful I want your blood I
want your life
Beware-insane desires
