Pleased with his surgical work

Caesarean section  
Had gone perfectly  
But something special  
For the young mother  
Is going to come  
From Doctor Z  
Another life  
Another sign

Unbelievable - degeneration - unbelievable

Pleased with his surgical work

My patient was  
Anaesthetised  
I took one of my  
Personal scalpels  
Scatched my initials  
Into her abdomen  
Another life  
Another sign

Unbelievable - degeneration - unbelievable  
Signing as a painter  
Down the drain in a moment of madness  
Signing as a painter

Irrational aftermath  
Mental disorders  
Psychopathic surgery  
Neurological horror

Sign sign sign

Unbelievable - degeneration - unbelievable  
Unbelievable - degeneration - unbelievable
