It's hot , It's hot , It's hot

Yeah

It's hot , It's hot , It's hot

Alright

Uh-hu

Aahh Let's Go

N-N-N-Night life Bright lights
Tower hights Private flights
New York City to LA
Everyday's like a holiday

Party people to the bones
Drinking till we break our domes
Damn mane I'm so gone
Blame it on a bottle of MOET Chandon

Another day Another dawn
Everyday is a new timezone
Never ever ever I feel alone
Cos any city anywhere feels like home

Well-known Worldwide
Like G6 I'm so fly
Yeah girl this world is mine
Ba-ba-ba-bottom line

You know we Rock'n'Roll loosing control
Party hard everywhere we go
Night and day no matter where you stay
Party all the time and live for today

And now Everybody (Everybody) keep on clappin'
From Paris to Manhattan
Lets Make It Happen Happen Happen

Aaaaawwwwww

It's hot It's hot It's hot

Yeah (x8)

Uuuuuhhhh

It's hot It's hot It's hot

Lets Make It Happen Happen Happen

It's hot It's hot It's hot

Ooohhh

Eeeeeey

It's hot It's hot It's hot

Oooooohhhh

Lets Make It Happen Happen Happen

N-N-N-Night life Flashing lights

Loud crowd Crazy nights

Ibiza to MIA

Everyday's like a birthday

P-P-Party hard every single day

M-M-Money we throw it away

24/7 Staying awake

Cos God is our favourite DJ

No tomorrow We living it now

Fast Life we not slowing it down

Join us when you see us around

In any town we shut it down

Just touchdown on a private jet

I know you la-la-like that

This night you will never forget

Simple as that!

You know we Rock'n'Roll loosing control

Party hard everywhere we go

Night and day no matter where you stay

Party all the time and live for today

And noooooow Everybody keep on clappin'

From Paris to Manhattan

Lets Make It Happen Happen Happen

Aaaaawwwwww

It's hot It's hot It's hot

Yeah (x8)

Uuuuuhhhh

It's hot It's hot It's hot

Lets Make It Happen Happen Happen

It's hot It's hot It's hot
