When your dreams start to talk, fancy words spoil your
discours.

When good thoughts running down, a vision is your
best force.

When your inner light shines to leave a cold heart
behind.

When your life tastes like soap there's a way you can
find.

Refrain:

In a dark cloudy night, there was a light in your face.

In a dark lonely night.

You're the one in my life, I'm still waitin' for days.

You're the one by my side.

You have a bond for the light, shinin' bright from the
sky.

Raise up and shit on the dark, in your thoughts
darkness dies.

Fall in love with your life, so you won't loose your sight.

Stay alone or twosome, there's no creature in the night.

Refrain:

In a dark cloudy night, there was a light in your face.

In a dark lonely night.

You're the one in my life, I'm still waitin' for days.

You're the one by my side.

Feel the blood in your vains, cold and tough, runnin'
wild.

Hear your pluck call your name, name your fate
insolent.

When your life tastes like mud, spit it out before it kills

Leave your home, taste the rest - that remains you
still...

Refrain:

In a dark cloudy night, there was a light in your face.

In a dark lonely night.

You're the one in my life, I'm still waitin' for days.
You're the one by my side.
