All we need is you there and we'll all get through it,
Truly free in the way that we always knew it.

I can't get enough *7

You don't know what you mean to me,
I'm too proud to beg on my knees,
Guess you know that I'll cave in deep
'Cos you do got the thing I need.

I am caught between the cold and the fire,
I am caught between the chasm and the wire,

All we need is you, babe.

All we need is you there and we'll all get through it
Truly free in the way that we always knew it
All we need is you there and we'll all get through it
Truly free in the way that we always knew it

You got something inside worth giving,
Now look at the life I'm living,
I am hooked on your hypercaine feeling,
I can't put my finger on the vibe that's winning.

I am caught between the river and the ocean,
I am caught between the dark and deep emotion,
It's the only thing that keep me moving,
I can't tire, I'm on the wire.

Gotta keep moving on *3
Moving on *8

You should know what you mean to me,
No I won't beg on my knees,
Can't live without you with me,
This town is dead, it's time to break free

I guess we put it in the spotlight, oh yeah,
All we need is you, babe.

All we need is you there and we'll all get through it

Truly free in the way that we always knew it
All we need is you there and we'll all get through it
Truly free in the way that we always knew it

He got you in the Hypercaine
