Come take this pain away At the back of my mind At the back of my head At the back of my mind It seems to stay

Lets do it

Lets do it baby 'Cause it comes naturally to me Lets do it baby

Lets do it baby
'Cause it comes naturally to me
I'll make you nervous
I'll make you crazy
(x2)

Got the feeling so strong 'Cause I got it going on Attention it grows And the energy flows

You can't evade it 'Cause you overplayed it Showing your hand with your opening gambit

You said it was a crime to blow your mind I do it all the time sneaking up from behind Until one day you're bursting my bubble You're nothing but trouble

Lets do it baby
'Cause it comes naturally to me
I'll make you nervous
I'll make you crazy
(x2)

Come take this pain away At the back of my mind At the back of my head
