I wake up every morning with a tear in my eye
I keep thinking this over and I don't know why
This feeling that I have for you suddenly fly
I don't know why...

(I don't know why...)

I really meant those things that I said to you
But now I'm having second thoughts, don't know what
to do
Oh God help me please just to make it through
And bring back the feelings that I have for you... for
you...

Chorus:

I wish I could tell you, that I still really love you.
But it's oh so sad, everything went bad
And it's hard for me to say, that my feelings for you
suddenly went away
And I surely wish I could say... I Love you too

I admit that I enjoyed every moment with you
But it's time to move on cause I can't bare it through
And I guess it was just to soon, to predict that I'll be
your groom

I'm really sorry for what I'm doing to you
But I just don't feel it like I used to
I can't promise that I always will be with you
I know that I screwed up everything for you
I just hope you'd understand what I'm gonna do...

Chorus:

I wish I could tell you, that I still really love you.
But it's oh so sad, everything went bad
And it's hard for me to say, that my feelings for you
suddenly went away
And I surely wish I could say... I Love you too

I wish I could tell you, that I still really love you.
But it's oh so sad, everything went bad

And it's hard for me to say, that my feelings for you
suddenly went away
And I dearly wish I could say... I Love you too
