Hey dude!
Your girl is cheating on you
She just pretend in front of you
But you don't know nothing
Don't believe her
Don't believe her
Just believe me
Just believe me

This is her secret
Don't ask me anything
This is her secret
What do you want from me
I'm not the fuckin devil

Hey shit!
You got me now
She leave you because of me
Don't mad at me
It's not my fault
But you've got your served
Got your served loser
It's time to say goodbye

I am the devil!
I am the devil!
