Write Words:

its six in the morning
i got to wake up
got to get my cake up
this green i got to rake up
too many thoughts in my brain to take up
a space the stars align no time to waste
drink my hustle juice to gain my muscles up
reality bites but my head is always up
i put in work yes it might get greasy
and do the dirt yes it might get dirty

Schwangin'

and actually imma spit it quite factually

Mr NO

24 karat gold rims on the feet
and i know reptillo

with the coat to match
and stack of cash
and the schwang to match
