"To Die For"

I'm watching you through my window
You are the dancing paper fly
I stand addicted to your live show
Turn off the lights and come inside

Chorus

I wanna die
Show me what you got
I wanna die
With you tonight
I wanna die
Show me what you got
Cause you know I'm no beginner
Every sinner gets a winner and your mine
If I see your face tomorrow
Give me the chance to satisfy
Don't drag my heart through your sorrow
Give me the power let me drive

I wanna die
Show me what you got
I wanna die
With you tonight
I wanna die
Show me what you got
Cause you know I'm no beginner
Every sinner gets a winner and your mine

I'm watching you through your window
Turn on the lights for me tonight
