And we all fall down

Verse

All this medication
Is making me so dizzy
All this repetition
Is faking out my memory

In this celebration
It's all a game to keep us the same
All this medication it's making us so dizzy

Chorus

And we all fall down
Till we all come around
And we all fall down
Till we all come around

Verse

All this hesitation
Is every word that we can't speak
And all this masturbation
Is what they say that keeps us weak

Chorus

And we all fall down
Till we all come around
And we all fall down
Till we all come around
Around

Give it up know (repeat)
And we all fall down

Chorus

And we all fall down
Till we all come around
And we all fall down
Till we all come around

Give it up know (repeat)

Till we all come down
