I can hear your voice, hear your breath
How could I forget
I'm not alone, alone

I can see your face, see your smile
If only for a while
I'm not alone, alone
Like an endless dream, a movie scene
Playing on and on
Like a melody, haunting me
I'm not alone

My tears are here to stay now
No matter what I do
Got your pictures on the table
They always help me through
A suitcase full of memories
To take me back to you
I'm not alone, I'm not alone
I'm not alone

In this hollow house
Empty rooms
Traces left of you
I'm not alone, alone

Every word you've said
Every line
Echoes in my mind
I'm not alone, alone
And I looking back on me & you
Is all I've got left to look forward to
Because I know
There's no letting go

My tears are here to stay now
No matter what I do
Got your pictures on the table
They always help me through
A suitcase full of memories
To take me back to you
I'm not alone, I'm not alone

Every morning with the dawning of the sun
I start thinking 'bout things I should've said and done
So I guess when you miss someone the most
Doesn't matter where that someone goes
Your mind will find a way to keep them close

Oh, my tears are here to stay now
No matter what I do
Got your pictures on the table
They always help me through
A suitcase full of memories
To take me back to you
I'm not alone, I'm not alone
I'm not alone
