Hail to the light that my baby watches me  
In the darkness of the window  
I can hardly get to sleep  
I wish for the hour that  
The nighttime soon shall pass  
And the morning dew will bring us  
To the day our souls can last

Love is the reason  
There's a meaning to the world  
We're giving love (yeah)  
Love

Situation candlelight  
Enough to see the bits around you  
But it's never very bright  
I stare at a memory  
You, through the grapevine, heard the truth  
It's good to learn from your mistakes  
But that only works in youth

Love is the reason  
There's a meaning to the world  
We're giving love  
Giving love  
We're giving love  
Giving love

Restless minds; curtain calls follow fanfares  
Troubled hearts; just a walk down the hall  
Restless hearts; take a punch just to land one  
Troubled minds; it's only fair after all  
Mountain, the trail, but you've got it in sight  
Sometimes our only way is jumping  
I hope you're not afraid of heights  
Reach in my pocket for a bill that isn't there  
To face all of the undoings  
It's still more than I can bear

Love is the reason  
There's a meaning to the world

We're giving love (Yeah)  
Giving love  
Giving love  
Giving love
