There was once a time  
We used to talk about forever  
I didn't realize that "forever" would end so soon  
I gave you everything that you asked for  
But when you left you said you needed more

Chorus:

I never had a chance  
To say goodbye  
So I'll write a letter in the sky  
With the love you left behind

And when you left  
I never cried  
So I'll write a letter in the sky  
Here's the tears that fell inside

There's so much to say  
There's so much I want to show you  
All of our memories are painted across my wall  
And I wait for you to walk back through my door  
Just to see your smile again once more

Chorus:

I never had a chance  
To say goodbye  
So I'll write a letter in the sky  
With the love you left behind

And when you left  
I never cried  
So I'll write a letter in the sky  
Here's the tears that fell inside

Bridge:

Now you're gone  
And so I'm left like this  
Alone with just one wish  
To steal away your kiss

Chorus:

I never had a chance

To say goodbye  
So I'll write a letter in the sky  
With the love you left behind

And when you left  
I never cried  
So I'll write a letter in the sky  
Here's the tears that fell inside
