Some things missing I can see it in your eyes  
Behind your smile there's a thousand tears uncried  
All you're seeing is the darkness and the rain  
Through the shadows of the choices that you made

(Pre Chorus)

There's nowhere to run  
And I know where you hide  
So don't try  
There's a reason for being

(Chorus)

Alive  
It's not too late to find  
What you're searching for  
A life worth so much more

I can read you and it's time to turn the page  
Cause the ending is something you can change  
You're in hell fighting demons of the past  
Will they disappear

(Pre Chorus)

There's nowhere to run  
And I know where you hide  
So don't try  
There's a reason for being

(Chorus)

Alive  
It's not too late to find  
What you're searching for  
A life worth so much more

What you're searching for  
Fight til the end and  
Never surrender

(Chorus)

Alive  
It's not too late to find  
What you're searching for

A life worth so much more

(There's no where to run)

What you're searching For

(No where you hide)

A life worth so much more
