Listen up cause this is not the end
Your the last thing that crossed my mind
Relationships are based on trust
Well I guess this one was based on lies

Based on lies (x3)

Listen up to the ones you trust
Just a few by your side (Surprise)
Give in, everything's going to be alright
(We've got a place to recognize)

No time for me to go
I know, you know the fights are getting old

This is the last chance I have to say to you
So sorry but I have to go
Wash my hands of you

You'll say you will never change
I say that's too bad
I'm sorry your against what (you and I could have had)

But it's your fault for all the stupid things
That you and I have done and said

The lies, The cries
It's no wonder that you are dead
So sorry but I have to go
Wash my hands of you

Your honesty is killing me
The page I've read the words that said
You still loved me
You lied to me and you don't see
The things you've said and now your dead
And that's alright by me

This is the last chance I have to say to you
So sorry but I have to go
Wash my hands of you

Listen up cause this is not the end.
