They look at me
Through their shaded eyes
I hit em hard
And don't apologize
Can you sell me someone elses brain
So I can play the game

And when they sell
Your soul for twice the price
They'll never tell
When you fake a smile
Wear this, comb your hair like that
And don't forget to breathe

Chorus:
Spinning around
I'm spinning around
Why do I ride in circles?
All the same faces
In all the same places
WHO DO I HAVE TO KILL?
Spinning around
I'm spinning around
Why do I ride in circles?
Who do I have
Who do I have
WHO DO I HAVE TO KILL?
(To get off this merry go round)

What a trip
You said a banjo and DJ
Was hip
Are you kidding me?
I'll shake your hand and wave goodbye
I'll see you in hell (sucka!)

Bridge:
Who do I have to kill x2

On the golden poles, the tainted phonies
Riding on their painted ponies
The double-decker architecture

Twist and turn like Chubby Checker

Who do I have to kill to make a difference

Have to kill to be myself

Have to kill to get some answers

Have to kill
