Verse:

I come through me, I see all of this shit,
How I really be, how it really is!
I know I'll go insane, blood run up on my brain,
My mind control my since,
In my vanes, in my skin!

Refrain:

I want to rip my head off, this silence's killing me,
I going down, with all this blame,
I puke it out until I'm dead and there is no regret
Oh all this silence around me, feels like a knife in my back!

Verse:

My eyes despise me, you little peace of shit,
I try to think about it, but I won't it a little bit,
I call my fucking name, my tongue splits and drops away,
I can't say any sense, oh I'm lost and damned!

Refrain:

I want to rip my head off, this silence's killing me,
I going down, with all this blame,
I puke it out until I'm dead and I feel no regret!
Oh all this silence around me, feels like a knife in my back!

Bridge:

It's alright, if y'all let me, it's alright, it's alright
x4

Breakdown:

My head
My head is fucking...
Dead

My head feels no regret!
Oh
