Fool yourself, it's not a trend
You're a lover, you're not a friend
You bring new life to aching bones
Give me strength to carry on
Send the whole thing back to me
Sew me up where wounds still bleed
All forgotten by the way, she understands (x4)

(Chorus)

'Cause maybe I just don't believe, that you'll stay
around
I burn the bridges to the ground
While you're still around

I can't decide, I can't pretend
Bring the summer back again
All forgotten by the way, she understands (x2)
Complicated and intense, just the faintest
circumstance
All forgotten by the way, she understands (x4)

(Chorus)

Fool yourself, it's not a trend
You're a lover, you're not a friend
You bring new life to aching bones
Give me strength to carry on
Send the whole thing back to me
Sew me up where wounds still bleed
All forgotten by the way, she understands (x4)

(Chorus)

An' maybe I just don't believe, that you'll stay around
Stay around
