Feed Her To The Sharks!
Twelve months of misery
Stab me in the heart and watch me bleed
I was nothing but a puppet
Strung by the hands and feet
And I'm...
Searching
For a reason
To believe you re fucking lies
Oblivious
Your treason
Is killing me inside
With the smile
Of a thousand knives
Stone cold in her malice
She walks away
(She walks away from her deviance)
Oblivious to everything
Her black heart sleeps in a dead dream
No willingness to compromise
Cos she thinks she s royalty

Stab me
In the heart
And watch me fucking bleed
Stab me
In the heart
And watch me
Fall to pieces!
With the smile
Of a thousand knives
Stone cold in her malice
She walks away
Twelve months of misery
Stab me in the heart
Watch me bleed
Bury me
In a blood soaked tourniquet
Oblivious
Blinded by the greed
In your heart
Stab me in the heart

Watch me bleed
Stab me in the heart
Watch me bleed
You fucking bitch!
