I guess I got just what I wanted,  
And all wanted was a glance,  
When you pass me in the hallway,  
On the way to your next class.

I'm fucking up, I'm fucking up, I'm fucking up  
everything.  
I'm fucking up, I'm fucking up, I'm fucking up  
everything.

Guess I got just what I wanted,  
We're both alone at my dad's house,  
And now's my chance to finally kiss you,  
But I got drunk and I passed out.

I'm fucking up, I'm fucking up, I'm fucking up  
everything.  
I'm fucking up, I'm fucking up, I'm fucking up  
everything.

I guess I got just what I wanted,  
A pretty girl to live with me,  
And split the rent right down the middle,  
And all I wanna do is leave.

I'm fucking up, I'm fucking up, I'm fucking up  
everything.  
I'm fucking up, I'm fucking up, I'm fucking up  
everything.  
I'm fucking up, I'm fucking up, I'm fucking up  
everything.  
I'm fucking up, I'm fucking up, I'm fucking up  
everything.
