Ancient Beast

Buried, hidden since time before time

A new awake

Risen and ready to feed

I have returned

To consume, to devastate

Set the world in flames

I'm the one you speak of in fear

Calm is over

I gather storms, I rip the heaven

Outbursting rage

Spreads like a plague across the earth

Watch me now

I'm revealed in front of your eyes

How does it feel

when I deform into your worst nightmare

Prince of darkness - hellspawned, the spirit of evil

Prince of darkness - hellspawned, the angel of death

Confront me now

Weak, inferior christian filth

Turn to your faith

My resurrection will be your fall

I'll lay your world to waste

I'll bury your dreams divine

I will erase your history

I will bring storms of mayhem

New dawn arise

Where evil reigns and the cross is burning

The wicked are unleashed

to rejoice and revel in primitive lust

Join us now

Sign your destiny to me with your blood

Feel the taste of black

In Nomine Dei Nostri Satanus

Prince of darkness - hellspawned, the spirit of evil
Prince of darkness - hellspawned, the angel of death
