I don't even wanna see your face,
Like I always wanted to.
I don't even wanna get a call,
Think I'm done with you.
I don't even wanna make it right,
It's been way too many times,
That I cried...
Heyy, yeah

I don't even wanna reminisce;
Remember the good we had,
And I don't ever want another kiss
Though it used to be the best.
But now I don't even wanna try again,
Cause I'm tired and it's finally come to make sense,
You're not my man.
How can I be with you?
Knowing all the wrong you do,
Like you can breathe under water...
I can not be with you.
How could I think you might,
Change a thing about the way you been like the whole
time?
How could I be with you?
With you?
With you?
With you?
Ohhh

I don't even wanna talk about it
Just so we could fight again
And no I don't want you to lead me on,
And for you to say let's be friends
And I just don't wanna be,
Another option that you keep...
Open to see, what it's gonna be...
Yeah, yeahhh

And no I don't wanna have make up sex,
Cause it's always the same routine;
We make love and I'm lovin it
But you don't love me!

No, no I don't wanna go back and forth,
Just can't take it anymore!
Yes it finally makes sense, you're not my man...

How can I be with you?
Knowing all the wrong you do,
Just like you can breathe under water...
I can not be with you.
How could I think you might,
Change a thing about the way you been like the whole
time?
Tell me, how could I be with you?
With you?
With you?
With you?
You...

How can I be with you?
Knowing all the wrong you do,
Just like you can breathe under water...
I can not be with you.
How could I think you might,
Change a thing about the way you been like the whole
time?
Tell me how could I be with youuuuuu?
With youuu...
With youuu...
With youuu... Oh oh oh oh oh oh oh ohhhh
Howww can I beee with youuu?

Yeahh, hey
How can I beeee, yeah
Tell me, how can I be, how can I be with you oh
How can I be, how can I be with you oh
Howw... I can't be... no
Can't be with youuu!
