(verse 1)

If somebody told me  
The truth would have hurt me  
I wouldn't place the blame  
Cause nobody's perfect  
But you played a cold game  
And it left you lonely  
Now you only have yourself to blame  
For the fact that you blown it  
Yeah Yeah

(chorus)

So guess the game is up now  
And I was a fool to love ya  
The consequences look now  
All this hate for one another  
So this is the last time I try to make it work  
You should think of it as a lesson learned

Hey

Betrayed your one and only  
The tears fell now you're lonely

Now you wanna blame the world  
Now you wanna blame the world

Feel the walls tearing down  
It's your fault when you hit the ground

Now you wanna blame the world  
Ohh  
Now you wanna blame the world  
Now you wanna blame the world

(verse 2)

You never listen  
And now you're all ears  
Cause you know what you're missing  
And nothing else compares

When the wheels were in motion

I gave you control  
But to let this heart open  
And miss it when gone

(chorus)

So guess the game is up now  
And I was a fool to love ya  
The consequences look now  
All this hate for one another  
So this is the last time I try to make it work  
Yeah this is the last time I put you first

Yes

Betrayed your one and only  
The tears fell now you're lonely

Now you wanna blame the world  
Now you wanna blame the world

Feel the walls tearing down  
It's your fault when you hit the ground

Now you wanna blame the world  
Ohh  
Now you wanna blame the world  
Now you wanna blame the world

(bridge)

Blame it on the struggle  
Blame it on the stride (stride)  
Blame it on the time we wasted  
Waiting for a better life  
Blame it on the love lost (lost)  
But don't blame it on me  
No No  
Blame it on the people  
That we just could not be

Ohh

(chorus)

Betrayed your one and only  
The tears fell now you're lonely (now you're lonely)

Now you wanna blame the world  
Now you wanna blame the world (blame the world)

Feel the walls tearing down  
It's your fault when you hit the ground (hit the ground)

Now you wanna blame the world  
Ohh  
Now you wanna blame the world  
Now you wanna blame the world

Now you wanna blame the world  
Now you wanna blame the world  
Now you wanna blame the world
