Time will bring the real end of our trial
One day they'll be no remnants
No trace
One day you won't remember me

Your face will be the reason I smile
But I will not see what I cannot have forever
I hope you feel the same

Oh you played me dirty, your game was so bad
You toyed with my affliction
Had to fill out my prescription
Found the remedy, I had to set you free

Away from me
To see clearly the way that love can be
When you are not with me
I had to live, I have to live
I had to lead

If I can't have you, let love set you free
To fly your pretty wings
Pretty wings, your pretty wings
Your pretty wings around

I came wrong you were right
transformed your love into light
baby believe me I'm sorry I told you lies

Well, I turned day into night
I died a thousand times
I shoulda showed you
Better night better times better days
I miss you more

If I can't have you, let love set you free
To fly your pretty wings around
Pretty wings, your pretty wings
Your pretty wings around
